A Letter From The President

As we continue to monitor reports of the potential impact of the COVID-19, we want to assure you that Fargo Public Schools FCU is here to serve your financial needs. During this evolving public health situation, our main priority is the health and safety of you, our members, and the staff.

Though the immediate risk to the public is considered to be low, we believe it is prudent to practice preventative health actions and be prepared as conditions change. We have taken precautionary measures to ensure we are following best practices to mitigate risks for all. We have enhanced standard cleanings, increased sanitation of high-touch surfaces (drive up, ATM, doors, etc.), installed protective barriers at the teller windows and desks and, of course, lots of extra hand washing/sanitizing.

When our lobbies open, we will continue our thorough cleaning/sanitizing efforts and provide hand sanitizer throughout the Credit Union for your use. In exchange, we ask that you wear a mask when entering the Credit Union and please stay home if you feel sick. We are still encouraging the use of our drive-up, internet banking site and the phone – we love connecting with you and taking care of your needs any way that we can.

We know the hard times are not over but we are here for you in whatever form you may need. Missing a paycheck? We can work to bridge that gap. We can work on ways to modify your existing loan, get you funds at an affordable rate or meet other needs as they arise.

Our staff is standing by as we would in any other time of hardship: ready to listen, ready to help and ready to put FPSFCU to work for our members.

Sincerely,

Mari Gagelin
